

TECHNICAL AND COMMERCIAL BID

Submitted in response to RFP for Advanced Metering Infrastructure (AMI) System Implementation

Bidder Name:	Vertex Grid Systems Pvt. Ltd. (Lead Consortium Member)
Consortium Partner:	Vertex Communications Networks Pvt. Ltd.
RFP Reference:	Model-RfP-Final_0 / AMI Smart Metering Program
Date of Submission:	14 March 2026
Bid Validity:	180 days from bid due date
Contact:	S. Rangarajan, VP Bids & Contracts, bids@vertexgrid.example

1. Covering Letter

We, Vertex Grid Systems Pvt. Ltd., having examined the RFP document in complete detail, hereby submit our bid for the design, supply, installation, integration, testing, commissioning, and maintenance of the Advanced Metering Infrastructure (AMI) system as described in the Scope of Work. We confirm that we have reviewed the RFP in its entirety, including Sections 4 (Eligibility), 5 (Scope), and 6 (General Conditions of Contract), and that no discrepancy was noted or is being raised within the ten (10) day intimation period referenced at Clause 4.2.9.

This bid is submitted by Vertex Grid Systems Pvt. Ltd. as Lead Consortium Member together with Vertex Communications Networks Pvt. Ltd. as consortium partner for the Communications Network scope, in accordance with the consortium requirements of Clause 4.3.2.

2. Response to Qualifying Requirements (Section 4.3)

2.1 Quality Certification (QR Table, Item 2)

Vertex Grid Systems Pvt. Ltd. holds ISO 9001:2008 certification (Certificate No. VGS-QMS-2019-114, valid through 2027) and, in addition, holds CMMI Level 3 (Development) certification appraised in 2024 and valid through 2027, exceeding the minimum CMMI Level 3 requirement stated in the RFP. The Bidder further holds ISO 14001:2015 (Environmental Management) and ISO 27001:2013 (Information Security Management) certifications, both current and unexpired as of the date of publication of the tender, satisfying the certification requirements in full.

Copies of all four certificates (ISO 9001, CMMI Level 3, ISO 14001, ISO 27001) are appended as Annexure B to this bid, together with the accrediting body's letterhead and validity dates.

2.2 Technical Experience

Vertex Grid Systems has been engaged in the manufacture, installation, and maintenance of smart metering and communications network infrastructure for eleven (11) years in India and globally, well in excess of the three (3) year minimum. The Bidder has implemented projects covering a cumulative total of 42,000 communication module/endpoints using RF mesh technology in the licensed frequency band as permitted by WPC, exceeding the 10,000 endpoint qualifying threshold. The Bidder has also successfully integrated its Network Interface Card (NIC)/communication module with meters from four (4) manufacturers in India up to HES and MDMS, exceeding the requirement of integration with at least three manufacturers.

Reference letters, completion certificates, and copies of the underlying purchase orders for the three largest reference projects (Rajasthan Discom AMI Rollout, 2021; Gujarat Urban Feeder Metering Program, 2022; Telangana Smart Meter Pilot Extension, 2023) are included as Annexure C.

2.3 Financial Criteria

Net worth for each of the last three financial years (FY2023, FY2024, FY2025) has been positive, as evidenced by audited financial statements included at Annexure D. Minimum Average Annual Turnover (MAAT) for the best three of the last five financial years is INR 340 crore, exceeding the qualifying threshold specified in the RFP. Audited Balance Sheets and Profit & Loss statements for FY2021 through

FY2025 are enclosed.

3. Insurance (Clause 6.28)

In accordance with Clause 6.28.1 of the RFP, Vertex Grid Systems confirms that all Goods supplied under the Contract shall be fully insured in INR against loss or damage incidental to manufacture, acquisition, transportation, storage, and delivery, for the full replacement value of the Goods, for the entire period from manufacture through final acceptance at Site. In addition to the transit/storage cover mandated at Clause 6.28, the Bidder shall maintain a Commercial General Liability (CGL) policy with limits of USD 2,000,000 (approx. INR 16.6 crore) per occurrence, and a Professional Indemnity policy of USD 1,000,000, both to be kept current for the duration of the Contract plus the Free Maintenance/FMS period. A specimen certificate of insurance from our existing carrier (Oriental Assurance Co.) is attached as Annexure E; the final policy naming [Employer] as additional insured will be furnished within 15 days of Letter of Award.

4. Commercial Bid Summary

Pricing is offered on a fixed-fee, milestone-linked basis for the AMI system establishment scope (smart meters, communication infrastructure, HES/MDMS integration, data centre) and on a fixed per-endpoint-per-annum basis for the optional Field Maintenance Services (FMS) period, in accordance with the Payment Schedule at Clause 6.19. No time-and-materials (T&M;) component is included in the base scope; any out-of-scope work will be quoted separately and approved in advance under Clause 6.38 (Change Orders and Contract Amendments). The Contract Price is fixed for the duration of the Contract subject only to the Change in Law provisions of Clause 6.36.

Milestone	Payment (% of Contract Value)
Advance on LOA + 10% Performance Security BG	10%
Survey (25% coverage) + data centre commissioning + first 5% meter lot	10%
100% meter installation, integration & FIIT completion	60%
Final acceptance / Go-Live sign-off	20%

Total Contract Price (base scope, excluding FMS): INR 41,80,00,000 (Indian Rupees Forty-One Crore Eighty Lakh only), fixed-fee, payable in Indian Rupees per Clause 6.18.9.

5. Liability, Indemnity and Termination (Clauses 6.33, 6.35, 6.40)

Vertex Grid Systems accepts, without qualification, the indemnification obligations set out at Clause 6.33 in respect of negligence, wrongful act or omission, and third-party intellectual property infringement, and confirms that these obligations shall survive termination as provided at Clause 6.33.4. The Bidder further accepts the limitation of liability framework at Clause 6.35, with aggregate liability capped at the Contract Price except in respect of gross negligence or wilful misconduct.

The Bidder accepts the Termination provisions at Clause 6.40 in full, including [Employer]'s right to terminate for convenience on ninety (90) days' written notice, and termination for default following the cure periods specified therein. No exceptions or qualifications are taken to this clause.

6. Additional Commitments

The Bidder commits to a 99.9% system availability SLA for the Head-End System (HES) and Meter Data Management System (MDMS), measured monthly and subject to audit under Clause 6.44 (SLA Audit). All customer data collected under this Contract will be hosted in data centres located within India, satisfying data residency requirements referenced in the RFP's technical specifications. The Bidder acknowledges the pre-bid query/clarification window and confirms all queries were submitted within the stipulated Q&A; deadline of ten (10) working days prior to bid due date, per Clause 4.2.9.

[Annexures B through E referenced above — ISO/CMMI certificates, technical reference letters, audited financials, and insurance specimen — are on file and available on request. This bid document is a synthetic sample created for software demonstration purposes only and does not represent an actual company, project, or procurement.]
